Head of Certification Body

Addendum to certificate HFA-COC-0120

Date of issuance: 17.12.2018

Scope of certification:

Product	CoC-method	Material category (raw material origin)
Sawnwood	Percentage based method	certified material, other material
Sawnwood	Physical separation	certified material
Profiled timber	Percentage based method	certified material, other material
Profiled timber	Physical separation	certified material, other material
Wood chips	Percentage based method	certified material, other material
Sawn dust	Percentage based method	certified material, other material
Glued laminated timber	Percentage based method	certified material, other material, neutral material
Cross laminated timber	Percentage based method	certified material, other material, neutral material
Glued solid timber	Percentage based method	certified material, other material, neutral material
Solid wood panels	Percentage based method	certified material, other material, neutral material
Formwork sheets and beams	Percentage based method	certified material, other material, neutral material
Pellets	Percentage based method	certified material, other material, neutral material
Pellets	Physical separation	certified material, other material

Briquettes	Percentage based method	certified material, other material, neutral material
Finger jointed structural timber	Percentage based method	certified material, other material, neutral material
Wood based panels	Percentage based method	certified material, other material, neutral material
Roundwood	Percentage based method	certified material, other material, neutral material
Planing chips	Percentage based method	certified material, other material
Wood offcuts	Percentage based method	certified material, other material
